SUMMARY

Passionate front - end developer, strong knowledge : JS, CSS,HTML.

Finalist IT Nation Hacks-2020. Currently studying React JS & English. Also, I have strong knowledge in taxation & building and a little in crypto trading (this experience may be useful for developing projects in this area).

Will be happy to work in a company that encourages personal development surrounded by people who are, also, craving to learn new things that make our job even more loveable.

Please feel free to contact me!

SKILLS

- ☐ JavaScript, ES2015+
- ☐ CSS, HTML
